Sheila Hunter (Vice Chair) informed the meeting that the issue of the unfinished installation of BA4N Broadband to a number of Lower Westhouse properties continues and is a great inconvenience and disappointment to a good number of the parish property owners. Works to lay cables had commenced some considerable time ago and had reached as far as Dr Hunters property but has not progressed past this

point, leaving many properties yet to be connected. The parish clerk had written to BA4N on 15<sup>th</sup> August 2023 requesting them to communicate with the parishioners affected, (Councillor Frank Hasleden was nominated to be the lead person for communications) however BA4N have not acted on this request.

The parish clerk was requested by the meeting to again write to BA4N requesting for an update and to invite them to the next parish council meeting to discuss this matter and to explain the reasons for the unfinished works.

There being no further business the meeting was closed.

Next meeting scheduled for 3<sup>rd</sup> February 2025.
